

teaming for success program.

Build leadership capability and team effectiveness through practical learning, coaching, and real-world application.

Grounded in five years of research into what drives exceptional teams, the Team Leader Instruction Manual (TLIM) distils 14 drivers of high performance into 30+ plug-and-play tools, exercises, and games. Each leader receives their own manual, enabling them to learn, apply, and grow — with or without external facilitation.

Gold: Full Program

We deliver the *Teaming for Success program* across a series of facilitated three-hour workshops. Each session is spaced to allow for real-time application using the TLIM tools.

Silver: Train the Trainer

Purchase the TLIM for your leaders and we train your internal facilitators to deliver the program. Scalable, sustainable, and cost-effective.

Bronze TLIM Only + Support

Purchase the TLIM and receive support on how to roll it out internally. Ideal for organisations with strong internal L&D teams.

teaming for success program.

How it works! This timeline outlines a typical structure when you purchase the Team Leader Instruction Manual (TLIM). Each leader receives their own manual, enabling them to learn, apply, and grow — with or without external facilitation.
